Very good

Very good

Good

I am satisfied with our teachers and our institution...things needed to improve is

- 1.they must ask the students whether the understood the topic or not
- 2.they must explain the topics with example through which we students can understand clearly
3. Some teachers are over strict they must be polite to students..if they are much strict we students also loose interest to attain their classes....

Use ICT tools and digital game-based learning. Use better graphics and visual media to engage students well.

It was very good institute of my life.
The teaching progress are extremely well.
Our institute follow Up to assignment task for students.
