

Research and Development Cell (RDC)

Kamrup College, Chamata

Research, innovation and development are essential components of quality education dissemination by Higher Education Institutions (HEIs). Kamrup College has taken up the initiative of establishing a Research and Development Cell (RDC) as mandated by the Government of India for the creation and transfer of knowledge and to put in place a robust mechanism for developing the research ecosystem in the campus. The research initiatives are strengthened by the generation of knowledge, innovation and technology for the larger benefit of the society by mobilization of resources and funding. RDC works through the human, intellectual and financial capitals, research promotion and guidance, innovations and incubation systems, capacity building, integrity and ethics, and fostering community, industry and governmental collaborations at local, national and international levels. RDC serves as a nodal center for ideation and conceptualization of research programs through the conduct of workshops, training programs, conferences, and seminars.

Objectives of RDC

1. To nurture research culture in the College by promoting research in newly emerging and challenging frontier areas of science and technology.
2. To identify the requirement of budget and funding resources.
3. To develop, prescribe and administer rules & regulation and procedures to ensure the compliance of all researchers to the research quality assurance framework, the research code and all the applicable rules and regulations.
4. To create awareness and opportunities in Research & Development among the faculties and students.
5. To create environment among the staff members to take up Research projects and improve their acquaintance, skills and credentials.
6. To encourage staff members and students to publish research papers in National and reputed International Conferences/ Journals.
7. To assist for applying the projects offered by agencies such as DRDO, DST, DBT, ICSSR, UGC, ICHR, etc and getting funds for conducting Seminar/Workshop/FDP on research related issues and intellectual property rights.
8. To identify and establish linkages including MOUs for long term relationships with national/international research organisations, industry bodies and individual companies for widening the scope of research opportunities and funding options available to the

faculty members and students of the college to involve themselves in real life research projects and obtaining sponsorships.

It is hereby requested you to perform the undermentioned role in Research and Development Cell (RDC) of Kamrup College, Chamata. Thanking You.
