2. Seminar cum talk on Strength and implication of Human Values

☐ **Report on Strength and Implication of Human Values in Modern Society, 12-09-2019**

The Teachers unit of Kamrup College has organized a talk on On Strength and Implication of Human Values in Modern Society on 12-09-2019. In the programme Mr. Hiranya Talukdar, Associate Professor & HOD, Political Science were prest as resource person. The programme was chaired by Dr. Debenra Kr. Bezbaruah. More than 45 students from Political science department participated in the programme. He talked that human values are beliefs that have a deep-rooted worth in usefulness or importance to the holder of these qualities. These values are necessity in today's society and education system. These values provide a meaning to the life of a human being. Usually, people become lazy and dull after being successful in this materialistic world, but if they have values, they would always have a purpose and guide in their life. Values are needed to teach to the children from the early age at school. This will help them to lead a peaceful and harmonious life which is free from evils. Hence, the aim of this paper is to highlight the important of universal human value in our life and how the theories on values are given by different researchers. The students of the department interacted in this regard. The vote of thanks offered by Santanu Barman,

3.Seminar on Personality Development and Leadership, 06-09-2019

The Department of Economics organized a seminar on Seminar on Personality Development and Leadership on 6th Sep.2019. In the programme, Dr. Debendra Kr. Bezbaruah, Principal< Kamrup College attended as Chairman in the programme. IIN the seminar. Mr. Naba Talukdar, Associate Prof. & HOD, MNC Balika Mahavidyalaya, Nalbari grace the occasion. He delivered fruitful speech on Personality development at present era. According to him Personality Development is like a journey where we learn about ourselves and how we act. It's about getting better and changing in different ways. Imagine it as a puzzle where some parts are inherited from our families, like how we look, and some of our behaviours. But as we grow up, the things we do and the people we meet add more pieces to this puzzle, making it unique. Our personality starts with things we get from our family, like being quiet or friendly. But as we meet more people and go through different experiences, we change and grow. For example, if we face a problem and learn how to solve it, we might become more confident. This is how our personality develops over time, like a story with different chapters. He also explains the factors behind the personality development for students and teachers. The programme was concluded with vote of thanks offered by Dr. Biswajit das, Asst. Prof. Dept. of Economics, Kamrup College.

7. Workshop on Self-Defence

WORKSHOP ON SELF-DEFENCE FOR WOMEN

ORGANISED BY IQAC IN COLLABORATION WITH WOMEN'S CELL

FROM 17th TO 21st FEB.2022

Taekwondo and Karate are forms of martial arts. It not only builds strength, stamina and flexibility but also improves overall fitness and wellbeing. It is also expected that learning these skills would develop the self-esteem of the girl students. Women are simply at a higher risk than men, therefore IQAC decided to organize a self-defense workshop for our girls students in collaboration with Women's Cell. A five days workshop was organized in the college from 17th to 21st February, 2022. For this purpose "Prahar", a leading organization of the state in Martial Art was invited to provide the training in Tau-k-Wando and Karate to the girls students of our college. The programme was inaugurated by Dr. Bhabendra Nath Pathak, President, Governing Body, Kamrup College, Chamata. In his inaugural speech, he highly appreciated such endeavors undertaken by the IQAC and Women's Cell in context of the growing crimes against the women in our society. Dr. Debendra Kr. Bezbaruah, principal of the college in his brief speech applauded the programme which will help the students to be stronger and confident to proceed in their lives. The function anchored by Dr. Kabita Choudhury, Coordinator, IQAC and it was attended by the teaching staff of the college. Two energetic youths of the organization, Prahar, Moon Das and Rakesh Das offered training to the students. On the first day, the class began with warm up exercises, followed by running and then basic Karate and Taekwondo. The following four days were full of fun, energy and tight schedules devoted to attaining all the lifesaving skills under the trainers. The participants were found to be enthusiastically absorbed in the whole training sessions. In the last day of the programme a valedictory session was held where the students were presented with a participation certificate at the end of the programme.

The participant students are asked to continue their practices regularly and they are doing the same. They are now fully able to defend themselves from any kind of unwanted incidents that might be faced by them. They are also found to be competent to join any taekwondo and karate competitions. So it was an impactful programme for our girls.

8.Workshop cum Training programme on Nursery development at Daffodil College of Horticulture

FROM KAMRUP COLLEGE TO DAFFODIL NURSERY AND DAFFODILS COLLEGE OF HORTICULTURE

As part of extension activities, IQAC, Kamrup College, Chamata undertook a students' Exposure programme to Daffodils Nursery and Daffodils College of Horticulture, Khetri of Kamrup District on 8th of April, 2022. A group of teachers along with principal, Dr. Debendra Kumar Bezbaruah accompanied the students. The Daffodil Nursery, one of the best and leading plant nurseries in the entire North East India, was established in the year 1985 having two stars nursery. The nursery is run by Dr. Dhrubajyoti Sarma an Associate professor and one of the leading entrepreneurs of the state and his wife Mrs. Rekha Sarma. Today the plants of the nursery are exported to all over India. Moreover many foreign countries like Bhutan, Bangkok etc. also import plants from the nursery. The nursery has grown into a big enterprise with varieties of reliable flowering plants, fruits plants and vegetable, flower seeds, grafts, specially the rubber grafts and many other plants which are only available in abroad. More than 300 people are working in this nursery who work hard to provide the best quality plants. They also help young people to set small and medium nursery of their own by providing plants from the nursery. The Nursery family adopted a nearby village which was very poor and earning less. But with the proper training and entrepreneurial spirit Daffodil Nursery transformed it into a self-dependent village as every family had begun to develop nursery plantation under the supervision of Daffodils Nursery.

Our day long programme was divided into two parts. At the beginning the students were introduced to the varieties of plants and their process of plantation. An open air lecture was delivered by Dr. Dhrubajyoti Sarma. His deliberation enthralled the students very much. They gathered a wide range of first-hand knowledge on Nursery cultivation and nursery management. They are also made known by today's exposure programme that in this time of job scarcity nursery plantation can be a great opportunity for their earning.

In the second part of our visit we went to the Mother Plant Block which is located at Amguri where we have noticed around 18 certified mother plants out of 300 mother plants. We were happy to visit the nursery and at the same time our students learnt how to plant and care the plants and to make the spaces around us green and beautiful. After the visit of Daffodil Nursery and Mother Plant Block, the team went to visit Daffodil Horticulture College. The institution is providing quality education in a unique natural environment. An interactive session was held with the faculty members of the institution to encourage our students for generating interest in entrepreneurship through extra-curricular practices. Honourable Prof. H.C. Bhattacharyya delivered a speech on how to impart higher education in horticulture and how this enables the youths to become a successful entrepreneur.

After the presentation session, a Memorandum of Understanding (MoU) was also signed between the two institutions for future collaboration in both academic and entrepreneurship sectors.

Dr. Pathak spoke on the topic "Research Ethics" by first reviewing the terminologies related to the topic of research in general, thereby proceeding to a detailed discussion of ethics in research. He highlighted the basic principles of ethics and explained the major ethical principles and codes in detail citing appropriate examples. He also talked in detail about ethics in the process of academic publishing and presented remarks on associated topics such as intellectual property rights, malpractices in assigning authorship, plagiarism and fraud in publishing, malpractices by academic publishing houses such as cloned journals or predatory journals. Finally, he commented on the obligations of individuals or groups involved in research in following and upholding ethical practices and emphasised on the need to follow ethical practices in academics.

Technical Session XII:

In this session, Dr. Pathak delivered a talk on the topic "Literature Review". A brief review of the basic definition and meaning of the term 'literature review' was followed by a discussion of the objectives of literature review and its importance in the field of research. He commented on the prevalent practices of what is included in literature review and the types of sources that are used for the process of literature review. He also commented on the ways of organising and structuring literature review in academic writing as well as on the decisions involved in literature selection and literature review writing. He offered his remarks on what makes a good literature review by revising the aim and purpose of it in research and gaps in the process of literature review. He concluded the session with a discussion on the topic of writing styles and review process in the context of literature review in academic research.

Assam
Supported by
Assam Science Technology & Environment Council***

Date: 23-03-2023
Time: 11.30 PM
Venue: Kamrup College, Chamata

Objective:

LiFE (Lifestyle for Environment) is an India-led global mass movement to nudge individual and community action to protect and preserve the environment. It was introduced by Hon'ble Prime Minister at COP26 in Glasgow on 1 November 2021-as a mass movement for "mindful and deliberate utilization, instead of mindless and destructive consumption" to protect and preserve the environment. It aims to motivate individuals and communities to practice a lifestyle that is synchronous with nature and does not harm it.

Mission LiFE 2022-23:

In view of Mission LiFE, a list of 75 individual LiFE actions across 7 categories is defined as following:

1. Energy Saved
2. Water Saved
3. Single Use Plastic Reduced
4. Sustainable Food System Adopted
5. Waste Reduced (Swachhata Actions)
6. Healthy Lifestyle Adopted
7. E-Waste Reduced

Workshop on
'Making of Jewellery and Craft'
Organised by
Women's Cell, Kamrup College, Chamata
Date: 07/03/2024
Venue: Community Hall

The Women's Cell, Kamrup College organised a workshop on 07/03/2024 entitled **'Making of Jewellery and Craft'** to celebrate the International Women's Day, 8th March, 2024. The Workshop had to organise on 7th March, as the 8th March was Holiday on the occasion of *Shivratri*. This year the theme of the International Women's Day is **'Invest in Women: Accelerate Progress'** with the motive of **Economic Inclusion** of the Women folk. That is why the Women's Cell, Kamrup College had decided to celebrate the International Women's Day with its basic theme mentioned above and to give a platform to the students for Self-reliance and Economic Uplift. With this objective the Workshop was organised to motivate and train the students to make Jewellery and Craft through which they could learn to earn from their artistic self.

Jayashree Barman, the **India Book of Record** holder for **'Making Smallest Assamese Japi and Sarai'** was invited as the trainer. She trained the students how to make jewellery by using different materials. The students took interest in learning the art of making Jewellery and could make Jewellery by themselves within the Workshop. Thus, the outcome of the Workshop is remarkable because it served the motive of organising this kind of training for economic upliftment of the students.

The inauguration meeting of the Workshop was presided by Dipika Barman, President, Teachers' Unit, Kamrup College Chamata. Dr. Debendra Kr. Bezbaruah, Principal, Kamrup College, Chamata inaugurated the workshop and delivered a speech on the

A Report

Internal Quality Assurance Cell (IQAC) and Institution's Innovation Council (IIC), Kamrup College, Chamata organized a workshop on **"Fuelling Start-up Success: Cultivating Innovation, Entrepreneurship, and Mind-set Development"** on 02-04-2024 at College premises for the students and Teachers for making awareness on innovation, Entrepreneurship and incubation. The workshop was anchored by IQAC co-ordinator by welcoming all the dignitaries and students. The workshop was chaired by Vice-Principal, Dr Kabita Choudhury by delivering key note address in the beginning. In the workshop, Dr. Hirak Ranjan Das, Dy. Director, Innovation, incubation and Entrepreneur Cell, Assam Royal Global University and Mr. Ashok Talukdar, Associate Prof. Department of Mechanical Engineering, Assam Royal Global University, Guwahati were present on this occasion. In the speech delivered by Dr. Hirak ranjan Das, stated that start-up is essentially a young company founded by one or more entrepreneurs to develop a unique product or service and bring it to market. Startups typically focus on a single, innovative product or service that addresses a gap or creates a new market. He told that Startups play a crucial role in the economy, driving innovation and creating jobs. They often introduce new technologies or business models that challenge established norms, pushing industries forward. He stated that the rise of digital start-ups has revolutionized how we communicate, shop, and work, highlighting the start-up impact beyond its size or revenue. By focusing on solving real-world problems with innovative solutions, start-ups not only aim for commercial success but also aspire to join the ranks of the best tech companies, contributing to societal progress. This dual pursuit of growth and innovation makes startups a vital part of the modern business landscape, embodying the spirit of entrepreneurship and the potential for transformative change. His PowerPoint presentation was very fruitful for students and faculties. Another resource person, Mr. Ashok Talukdar Deliberate the need and importance of incubation centre in higher educational Institution for bringing up or identifying the innovative students for their works or services for realising their dreams. Thus both the resource person gave very

Department of Zoology
Kamrup College, Chamata
kcczoology23@gmail.com

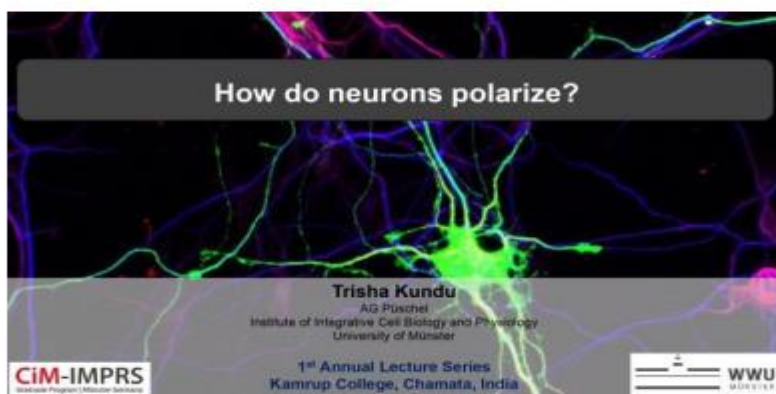

The Department of Zoology at Kamrup College, Chamata, successfully hosted its inaugural talk as part of the **1st Annual Lecture Series**, engaging students and science enthusiasts. The event took place on November 22, 2023, from 10:00 am to 11:30 am.

This year, the department extended an invitation to **Ms. Trisha Kundu**, a PhD Candidate at the Institute of Integrative Cell Biology and Physiology, University of Münster, Germany, and Cells in Motion-International Max Planck Research School (CiM-IMPRS), Germany. Ms. Kundu delivered a captivating lecture titled "**How do neurons polarize?**"

The event commenced with a warm welcome and an introduction to the speaker by Nipu Kumar Das, Assistant Professor and Head of the Department of Zoology at KCC. Ms. Kundu then delved into her enlightening discussion on neuron physiology, the role of organelles within neurons, showcased live neuron videos, and covered various related topics. She also provided insights into career perspectives, research experience, application procedures, types of research internship opportunities, as well as exams and study materials for post-graduation and PhD programs.

Upon the conclusion of her talk, a 30-minute interactive session followed, during which students posed questions to the speaker. Subsequently, the event was concluded.

Given the hybrid nature of the event, a total of 31 participants attended, with 7 online and 24 offline participants. Additionally, six faculty members from various departments of the college were in attendance.
